Feedback

So much was understood about the company in this day. By working in the company, I can achieve all my goals. Gyan sir is a very good person. So, explain everything very well. It fells great working with him. And according to which sir is training me, according to that I will achieve my targets. Gyan sir time management is also very good. Devvarth sir is also very good and he is also always supportive.

I Want

I want to learn at a little advanced level.

I would like an official email id.

Tell me a little about mobile applications.

I would like a live demo. How does it pitch the client.
